

## DAY 4 :DYNAMIC FRONTEND COMPONENTS– “SHOP.CO”

### OBJECTIVE:

On day 4 My purpose was to make my marketplace functional like adding functionalities like product-listing , product detail page and add to cart functionality.

### Functional Deliverables:

#### Product listing page:

#### Product Detail page:

### CLASSIC BLACK LONG SLEEVE BUTTON-DOWN SHIRT

\$190

Description:

This sleek black button-down shirt is the epitome of style and versatility. Designed with a tailored fit, it provides a sharp, refined look that's perfect for both professional and casual settings. The long sleeves and crisp collar offer a classic silhouette, while the lightweight fabric ensures comfort throughout the day. Whether worn at the office, for a dinner out, or dressed down with jeans, this black shirt adds a polished touch to any outfit. A must-have wardrobe staple for those who appreciate clean lines and timeless style.
